

Archery or Rifle Lion

These fine predators have a mind of their own. Here at Rawhide Outfitters, we devote much time and effort to the pursuit of these ridge runners.

We have the best hounds and tracking equipment we know of to aid in your hunt!

Our Salmon River Country backs up to many miles of wilderness. This is the key to a fresh supply of quality lions.

Ask about our late-season cow elk and mule deer hunts!

Archery Elk

This is an exceptional archery hunt as our units are not open to general rifle. Our bull-cow ratio is very high; our mature bull quantities and quality are also very high. This hunt books early, so don't wait if you are interested.

Controlled Rifle Elk

Tags for this hunt are on a lottery draw basis. Entries are submitted to the Idaho Department of Fish and Game during the month of May only. The drawing is in late June.

Due to the success rate on trophy bulls, we have a list of our hunters who put in for this hunt every year.

Please contact us early in the year for complete information.

Archery or Rifle Bear

Unlike mountain lion, there are several ways to hunt bear. From a back country horse camp or from town - making daily hunts leaving early - we can glass and stalk, hunt over baits, hunt with or without hounds - or any combination.

Bears come in wide variety of colors, ranging from jet black to brown to blonde.

We can plan a hunt to your specific needs and enjoyment. For those who like action and excitement, there is nothing quite like a brush-bustin' bound hunt!

"Thank you for the best hunting trips of my life. Having hunted both bear and elk with Rawhide. I am amazed at the time and hard work that you put into baiting bear stations, building blinds, finding water springs, locating animals, setting up a comfortable camp, and attending to every detail of the hunt! I can honestly say that I have never met a more honest, hardworking and pleasant family than yours!" Kevin Huber, California

"Thank you for an awesome experience. You guys definitely exceeded our expectations. It was an excellent elk hunting experience from the bone chilling bugles, great scenery, great food and accommodations, and most of all great people!" Todd Luecke, Pennsylvania
